PARTNERSHIP PROPOSAL · PREPARED FOR PLAYERS SPORTS ACADEMY

Flexible online academics for ambitious middle & high school **student-athletes.**

SAI Academy proposes a turnkey partnership with Players Sports Academy: an accredited school delivered right into PSA, so athletes can train and study under one roof. This document outlines how the program works, what each side provides, the proof behind it, and simple per-student pricing.

THE PROPOSAL

Top sports training meets top academics, under one PSA roof

We propose adding a turnkey academic arm to Players Sports Academy. SAI delivers a rigorous, flexible education right into the PSA environment — so athletes stay on track in the classroom while chasing their goals on the field, and PSA becomes a full academy.

A DAY IN THE LIFE

1

Train on the Field

Arrive early and train on the field or turf with PSA's professional coaching staff — peak hours, fresh legs.

2

Gym & Mindset

Head to the gym and mindset-training area to sharpen the off-the-field skills that set great athletes apart.

3

Recharge

Break, clean up, and lunch — time to relax and recharge before the afternoon.

4

Academics

Afternoon sessions focused on academics. With hundreds of courses — AP, Honors, and Dual Enrollment — we've got you covered.

“SAI has been a game changer for DME Academy, Sarasota. They handle all the academics, support our growth, and have helped us grow from 6 to 36 in just two years. From a unique offering perspective to an impactful revenue line, DME couldn't be happier.”

THE PARTNERSHIP

You bring the space. We bring the school.

No curriculum to write, no teachers to hire, no ed-tech to license. PSA supplies a few basics — SAI runs the entire academic program, virtually or with staff on-site.

What PSA brings

- ✓ Professional coaching & competitive training
- ✓ The PSA facility & classroom / office space
- ✓ A pro pathway via the Wolverhampton Wanderers (Wolves) partnership
- ✓ 20+ years & a trusted 501(c)(3) community in Loudoun County

What SAI brings

- ✓ Complete accredited academic program (grades 4–8)
- ✓ Choice of virtual-only or on-site staffed delivery
- ✓ NCAA-approved curriculum & college counseling
- ✓ Enrollment, admissions & family support handled

Accredited & globally recognized. SAI's private academic curriculum is powered by Edmentum's EdOptions Academy, fully accredited by **Cognia** and **WASC** — ensuring high-quality, globally recognized coursework aligned with national academic standards.

THE PROOF

From SAI's classroom to the World Cup

The model works. SAI Academy graduate Alex Freeman went from student-athlete to the United States Men's National Team — proof of where elite academics and training together can lead.

Alex Freeman '23 · #16 Defender · SAI Academy Grad · USMNT Call-Up · 2026 FIFA World Cup

Now serving 21 academic & club partners worldwide — including MLS organizations such as DC United, Orlando City SC, Chicago Fire FC, Austin FC, and San Jose Earthquakes. SAI graduates go on to colleges and universities across the country.
